The Homeless

That God brings immediate relief, shelter, food and health care; that Christ will restore hope for the future; for wise counsel and trustworthy friendship; for protection from the risks of life on the streets; for employment, housing and restored family life.

Prayer Walk

Visit a place where homeless people seek shelter.
Pray God's blessing on the people you see who appear to be homeless.

In order to keep our prayer tree as current and effective as possible, please note that requests will remain on the list for a period of one month unless we are otherwise notified. Removal from the list does not remove these requests from our prayers. Thank you for joining the church family in this vital ministry and for your understanding.
