Youth

Pray for teens to commit their lives to Christ, to make wise choices, have open and honest communication with adults, and for God's intentions for them come forth in fullest measure.

Prayer Walk

Pray with your eyes open for people in their teens that they may follow Christ. Envision them following Christ for many years from now.

To keep our prayer tree as current and effective as possible, please note that requests will remain on the list for a period of one month unless we are otherwise notified. Removal from the list does not remove these requests from our prayers. Thank you for joining the church family in this vital ministry and for your understanding.
