Those Recovering from Natural Disasters

Pray for the many people recovering from the effects and trauma of earthquakes, floods, landslides, and other natural disasters. Ask the God to protect, bless them, keep them, and provide strength for those living where disaster has struck. Pray that the love of God surrounds them, enfolds them, protects them. Pray that in their times of trial, they will feel the presence of God watching over them.

Prayer Walk

Pray as you walk during the day. Think about how you would feel and react if you were faced with the aftermath of a natural disaster.

To keep our prayer tree as current and effective as possible, please note that requests will remain on the list for a period of one month unless we are otherwise notified. Removal from the list does not remove these requests from our prayers. Thank you for joining the church family in this vital ministry and for your understanding.

Prayer Requests can be added at: riverviewflumc.org
Or sent to rvrviewumc@tampabay.rr.com
